

Journal of Political Ecology

Case Studies in History and the Social Sciences

Submission Guidelines

JPE has no arbitrary length limits, but exceptionally long submissions (over 60 pages) will need to be even more significant to the field than shorter ones. Submissions should be made on IBM or Mac 3 1/2" (720 or 1.44) diskettes, using WP 5.0, extended ASCII or another agreed upon format.

Submissions should be accompanied by a paper copy and a signed letter requesting that they be reviewed in JPE and stating that the submission is an original work that has not been submitted for review elsewhere. Submission of articles and research reports must be accompanied by a \$10 peer review fee made out to "PESO/BARA" (a non-profit University account). If the submission is deemed inappropriate for peer review this fee will be refunded. At their option, authors may simultaneously request JPE to place the article or report on-line for comment in JPE's public forum while it is out for peer review. Authors will normally receive reviewers' comments by E-mail. We will only return disks, paper copies and reviewers comments by mail to PESO members who request this service or to others if a self-addressed stamped envelope is provided.

Graphics need to be in separate and individual files and their location in the text should be clearly indicated. We can accept graphics in a variety of formats (including hardcopy) but prefer TIFF. All graphics should be of publication quality and use non-serif fonts.

Style

Authors should follow the Chicago Manual of Style for bibliographical references but eliminate all indentation, italics and underlining. Do not use your word processor's footnote or endnote facility: note numbers in text should appear as a number in square brackets [17] and all notes should appear in a separate file in normal fonts. Authors cited in text should be alphabetized by first authors; include first initial and date and page number as follows: (J.Alpers 1987:42; R.Smith, J.Brown and B.Jenkins 1992:73-84). Authors should leave all underlining and emphasis (italics or other) out of headings, subheadings, and bibliography. Please submit text, graphics, notes and bibliography as separate files.

Authors should include a title page with their name and affiliation on it and leave their name off of the first page of the text. Submissions must include an abstract of no more than 60 words followed by 12 or fewer key words.

Copyright Policy

Submissions must be author's original work and not previously published. Journal of Political Ecology (JPE) authors assign JPE the copyright for material they publish in JPE, but JPE grants its authors a license to republish their own works wherever they wish, in any format, provided only that they cite JPE as the original source. JPE grants to all the right to make up to 50 copies in any format for personal use provided that full references to JPE are included with each copy. JPE freely grants to anyone the right to cite JPE works for scholarly use; in fully referenced citations amounting to no more than 500 words (and one graphic) extracted from any single article, report or review. JPE reserves all rights except those granted in this copyright notice.

The words and graphical material of JPE publications may not be changed in any substantive way and then represented, copied, or cited as JPE publications. Libraries, other institutions, and individuals are authorized to add the journal to their collection, in electronic or printed form. They may either add the journal through electronic linkages or may obtain copies of the journal for local storage.
